THE MODULAR REFLECTION- AND ACOUSTICS SYSTEM

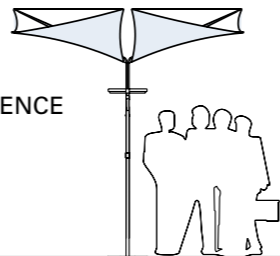

REFLECTION

ACOUSTICS

AMBIENCE

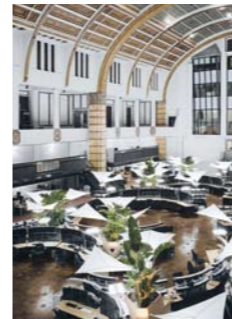

STRUCTURELAB RX 1 is an adaptable reflection- and acoustics sail-system for professional interior applications. The system is available in two types with different textile coverings. In operation the RX1 convinces by its outstanding attributes of:

reflection (luminance) | acoustics (absorption) | ambience (feeling of security)

Coordinated with the Waldmann office luminaires series "TYCOON", a great number of uses results for any office or work situation, from the large-scale office to the reception desk in the entry – preferred in technical lighting problem rooms with a high ceiling height.
